Raymond Levesque, Virginia Beach, VA
Jennifer Eve Thomas, Portsmouth, VA
Alice R. Via, Virginia Beach, VA
Laura P. Wright, Virginia Beach, VA

It is respectfully requested that the Bureau accept these documents notwithstanding the fact that they are being filed after the reply comment deadline as they reflect citizen letters and municipal government action that have been received subsequent to the reply comment deadline.

WUND-TV has previously filed numerous letters of support from city and county governments and individuals. Overall, with the letters of support attached to this filing, nearly 1300 individual letters of support for relocating WUND-TV's community of license from Columbia, North Carolina, to Edenton, North Carolina, have been filed in this proceeding, including those of 14 North Carolina city and county governments or their officials, 227 North Carolina residents in the Greenville DMA, 778 North Carolina residents in the Norfolk DMA, and 275 Virginia residents in the Norfolk DMA.

If any questions should arise during the course of your consideration of this matter, it is respectfully requested that you communicate with the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Trathen', with a stylized flourish at the end.

Dear Mr. Howe:

This is to notify you that the Gates County Board of Commissioners took action at their December 6, 2004 meeting to approve a resolution that supports the moving of the community of license from Columbia to Edenton. A certified copy of that resolution is enclosed for your review.

The Gates County Board of Commissioners stands behind your efforts to bring valuable community programming to the residents of Gates County. If there is anything that myself or the Board can do to facilitate the approval of the FCC license change, please do not hesitate to let me know.

Thank you for all of your efforts in this matter.

Sincerely,

Mark E. Biberdorf

RESOLUTION OF SUPPORT FOR THE RELOCATION OF WUND-TV'S COMMUNITY OF LICENSE FROM COLUMBIA TO EDENTON

WHEREAS, WUND-TV is seeking to relocate its community of license so that satellite TV carriers will be required to carry the UNC signal to those NC counties located in the Tidewater MDA; and

WHEREAS, WUND-TV is desiring to relocate its community of license from Columbia, North Carolina to Edenton, North Carolina to allow for coverage of the UNC signal for satellite customers in the northern Albemarle area; and

WHEREAS, if this request is not approved by the FCC, then the satellite carriers will only be required to carry the Virginia Public Television signal – WHRO-TV; and

WHEREAS, Gates County has indicated its support for the relocation of the community of license so that satellite customers in our area may also be able to enjoy the rich array of North Carolina programming provided by the UNC signal; and

WHEREAS, the North Carolina Congressional Delegation has endorsed the original petition submitted by WUND-TV; and

WHEREAS, EchoStar Satellite, L.L.C. has submitted a petition to the FCC opposing the relocation of the community of license from Columbia to Edenton; and

WHEREAS, if the application to move the community of license is denied by the FCC, then residents in Gates County and northeastern North Carolina that receive their TV signal via satellite will not have access to hundreds of hours of public television tailored to North Carolina.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of the County of Gates that it is providing its support for the approval of the application to the FCC to move the community of license for WUND-TV from Columbia to Edenton.

The foregoing resolution was duly adopted by the Board of Commissioners of the County of Gates at a meeting on the 6th day of December, 2004.

Witness my hand and official seal this the 6th day of December, 2004.

(SEAL)

J. S. Pierce, Chairman
Gates County Board of Commissioners

ATTEST:

Mark E. Biberdorf, Clerk
Gates County Board of Commissioners

**RESOLUTION OF SUPPORT
FOR WUND-TV TO RELOCATE
FROM COLUMBIA, NC, TO EDENTON, NC**

WHEREAS, WUND-TV Public Television has been serving citizens of Hertford County over the airwaves and by cable for many years; and

WHEREAS, Citizens of Hertford County get much of the news of the day by way of this public TV facility; and

WHEREAS, Current events and cultural events are carried on public TV and not available on any commercial networks; and

WHEREAS, It is most unfair to exclude Hertford County citizens who are out of reach of cable and airwave signal from these essential services delivered by WUND-TV;

NOW, BE IT RESOLVED the Hertford County Board of Commissioners at their regular meeting in Winton, NC, on Monday, December 6, 2004, do urge Marlene S. Dortch, Secretary, Federal Communications Commission, to treat with favor and approve the petition of WUND-TV and the University of North Carolina to change the license of WUND from Columbia, NC, to Edenton, NC, located in Chowan County and assigned to the Norfolk – Portsmouth – Newport News, Virginia ("Norfolk") DMA (No. 41).

This resolution approved by the Hertford County Commissioners on December 6, 2004, with instruction to be forwarded to the Secretary of the Federal Communications Commission, the two North Carolina Senators, and the Congressional representative.

Chairman, Hertford County Commissioners

Patricia M. Weaver, Clerk to the Board

CHOWAN COUNTY, NORTH CAROLINA

EDENTON, NORTH CAROLINA 27932

November 17, 2004

Donald Craft
Hertford County
PO Box 116
Winton, NC 27986

Dear Donald:

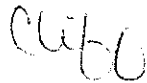

WUND-TV is seeking to relocate its community of license from Columbia to Edenton so that satellite TV carriers will be required to carry the UNC signal to those NC counties located in the Tidewater MDA. If this request is not approved by the FCC, then the satellite carriers will only be required to carry the Virginia Public Television signal-WHRO-TV. Edenton is located within the MDA of the Tidewater area; Columbia is not. Additionally, WUND will continue to use the Columbia name along with Edenton as its broadcast location. This move has been endorsed by both Tyrell County and the Town of Columbia.

You would think this would be a slam dunk, but I understand that in fact it is very much uphill battle. I am enclosing a copy of a petition submitted to the FCC by EchoStar Satellite, L.L.C. In this petition, it officially opposes the relocation from Columbia to Edenton. Since it will not cost EchoStar or any of the other carriers additional costs to carry the WUND signal, EchoStar's opposition is difficult to explain.

The entire North Carolina Congressional Delegation has endorsed the original petition submitted by WUND-TV. I realize that each of the County Managers have submitted letters of support to the Federal Communications Commission, but at this point I feel like we need to up the ante. The Board of Commissioners need to adoption resolutions supporting the relocation of the community of license and also personally contact the Federal Communications Commission. If we do not pursue this issue in a most aggressive matter, the net result will be that the residents of northeastern North Carolina that receive their TV signal via satellite will be not have access to hundreds of hours of public television tailored to North Carolina.

If I can provide any more information, please do not hesitate to give me or Tom Howe a call at WUND-TV at 919-549-7000.

Sincerely,

A handwritten signature in cursive script, appearing to read "Luther C. Copeland".

December 14, 2004

Ms. Marlene S. Dortch, Secretary
Federal Communications Commission
c/o Natek, Inc.
236 Massachusetts Avenue, NE, Suite 110
Washington, DC 20002

Dear Ms. Dortch:

I am writing on behalf of the Pasquotank County Board of Commissioners in regard to a petition filed by UNC-TV to change WUND-TV/DT's community of license from Columbia, North Carolina to Edenton, North Carolina. The Pasquotank County Commissioners adopted the following resolution at their meeting on December 6, 2004:

NOW THEREFORE BE IT RESOLVED that the Pasquotank County Board of Commissioners hereby supports the petition by WUND-TV to relocate its community of license from Columbia, North Carolina to Edenton, North Carolina so that satellite TV carriers will be required to carry the UNC signal to those North Carolina counties located in the Tidewater DMA.

This petition by WUND-TV is extremely important to the citizens of Northeastern North Carolina who receive their TV signal via satellite. If this petition is not approved, the only access to public television that our citizens will have will be via the Virginia public television signal – WHRO TV. Our citizens depend on the unique programming that they receive through WUND-TV and they should be able to receive the public television station that they support.

The Pasquotank County Commissioners strongly encourage you to approve this petition submitted by WUND-TV to relocate its community of license from Columbia to Edenton. The citizens of North

Ms. Marlene S. Dortch

Support Letters from North Carolina Residents in the Norfolk DMA

September 2004

Ms. Marlene H. Dortch
Office of the Secretary
Federal Communications Commission
Washington, DC 20554

Dear Ms. Dortch:

I am writing related to the Petition filed by UNC-TV, the public television network serving North Carolina, to change WUND-TV/DT's community of license from Columbia, North Carolina, to Edenton, North Carolina.

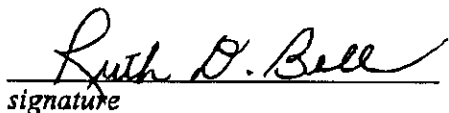

As a viewer of and donor to UNC-TV through WUND, I support this Petition, and I urge the Federal Communications Commission to grant UNC-TV's request. I believe it is important that the FCC understand that those of us in the Norfolk DMA who live in North Carolina and who receive or want to receive television via satellite will benefit tremendously from this change. If this change is not approved, then thousands of satellite subscribers in eight northeast North Carolina counties—Hertford, Gates, Chowan, Perquimans, Pasquotank, Camden, Currituck, and Dare—will not have access to all those programs UNC-TV produces just for North Carolinians.

UNC-TV not only broadcasts excellent public television programs from PBS, but also, and more importantly, it produces and broadcasts hundreds of hours of programs intended for North Carolinians and those in surrounding states interested in our state's activities and issues. These programs include a nightly information program, **North Carolina Now**; a weekly program on activities at the North Carolina General Assembly, **Legislative Week in Review**; a weekly program on activities, events, and places to go in North Carolina titled **North Carolina Weekend**; a weekly interview program with prominent North Carolina citizens titled **North Carolina People**; and an extensive, ongoing schedule of documentaries and specials on North Carolina cultural activities and events.

Unfortunately, thousands of North Carolina citizens in the northeastern part of our state who receive their television service on satellite are unable to receive UNC-TV via the local-to-local service made available by their satellite provider. Instead, they will continue to receive their public television from a Virginia station while paying, through tax dollars and personal support, for the important and unique programming and services of UNC-TV. It seems to me to be unacceptable that these viewers who desire information and programs about North Carolina cannot receive them via satellite. If the FCC grants the UNC-TV request to change the city of license for WUND-TV/DT from Columbia to Edenton, then the people in these counties will be able to receive the service of UNC-TV via satellite.

I believe that this change will have an extremely positive impact on those viewers who want to receive UNC-TV by satellite. The public service benefit to the people residing in the counties mentioned would be tremendous. At the same time, the Columbia area will suffer no loss from this change. I strongly support UNC-TV's Petition.

Sincerely,

Washington, DC 20554

Dear Ms. Dortch:

I am writing related to the Petition filed by UNC-TV, the public television network serving North Carolina, to change WUND-TV/DT's community of license from Columbia, North Carolina, to Edenton, North Carolina.

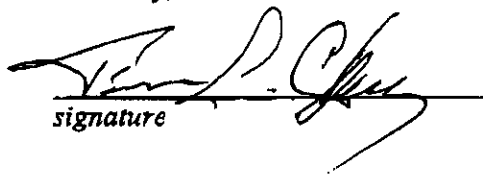

As a viewer of and donor to UNC-TV through WUND, I support this Petition, and I urge the Federal Communications Commission to grant UNC-TV's request. I believe it is important that the FCC understand that those of us in the Norfolk DMA who live in North Carolina and who receive or want to receive television via satellite will benefit tremendously from this change. If this change is not approved, then thousands of satellite subscribers in eight northeast North Carolina counties—Hertford, Gates, Chowan, Perquimans, Pasquotank, Camden, Currituck, and Dare—will not have access to all those programs UNC-TV produces just for North Carolinians.

UNC-TV not only broadcasts excellent public television programs from PBS, but also, and more importantly, it produces and broadcasts hundreds of hours of programs intended for North Carolinians and those in surrounding states interested in our state's activities and issues. These programs include a nightly information program, North Carolina Now; a weekly program on activities at the North Carolina General Assembly, Legislative Week in Review; a weekly program on activities, events, and places to go in North Carolina titled North Carolina Weekend; a weekly interview program with prominent North Carolina citizens titled North Carolina People; and an extensive, ongoing schedule of documentaries and specials on North Carolina cultural activities and events.

Unfortunately, thousands of North Carolina citizens in the northeastern part of our state who receive their television service on satellite are unable to receive UNC-TV via the local-to-local service made available by their satellite provider. Instead, they will continue to receive their public television from a Virginia station while paying, through tax dollars and personal support, for the important and unique programming and services of UNC-TV. It seems to me to be unacceptable that these viewers who desire information and programs about North Carolina cannot receive them via satellite. If the FCC grants the UNC-TV request to change the city of license for WUND-TV/DT from Columbia to Edenton, then the people in these counties will be able to receive the service of UNC-TV via satellite.

I believe that this change will have an extremely positive impact on those viewers who want to receive UNC-TV by satellite. The public service benefit to the people residing in the counties mentioned would be tremendous. At the same time, the Columbia area will suffer no loss from this change. I strongly support UNC-TV's Petition.

Sincerely,

Sekender A. Khan

Dear Ms. Dortch:

I am writing related to the Petition filed by UNC-TV, the public television network serving North Carolina, to change WUND-TV/DT's community of license from Columbia, North Carolina, to Edenton, North Carolina.

As a viewer of and donor to UNC-TV through WUND, I support this Petition, and I urge the Federal Communications Commission to grant UNC-TV's request. I believe it is important that the FCC understand that those of us in the Norfolk DMA who live in North Carolina and who receive or want to receive television via satellite will benefit tremendously from this change. If this change is not approved, then thousands of satellite subscribers in eight northeast North Carolina counties—Hertford, Gates, Chowan, Perquimans, Pasquotank, Camden, Currituck, and Dare—will not have access to all those programs UNC-TV produces just for North Carolinians.

UNC-TV not only broadcasts excellent public television programs from PBS, but also, and more importantly, it produces and broadcasts hundreds of hours of programs intended for North Carolinians and those in surrounding states interested in our state's activities and issues. These programs include a nightly information program, **North Carolina Now**; a weekly program on activities at the North Carolina General Assembly, **Legislative Week in Review**; a weekly program on activities, events, and places to go in North Carolina titled **North Carolina Weekend**; a weekly interview program with prominent North Carolina citizens titled **North Carolina People**; and an extensive, ongoing schedule of documentaries and specials on North Carolina cultural activities and events.

Unfortunately, thousands of North Carolina citizens in the northeastern part of our state who receive their television service on satellite are unable to receive UNC-TV via the local-to-local service made available by their satellite provider. Instead, they will continue to receive their public television from a Virginia station while paying, through tax dollars and personal support, for the important and unique programming and services of UNC-TV. It seems to me to be unacceptable that these viewers who desire information and programs about North Carolina cannot receive them via satellite. If the FCC grants the UNC-TV request to change the city of license for WUND-TV/DT from Columbia to Edenton, then the people in these counties will be able to receive the service of UNC-TV via satellite.

I believe that this change will have an extremely positive impact on those viewers who want to receive UNC-TV by satellite. The public service benefit to the people residing in the counties mentioned would be tremendous. At the same time, the Columbia area will suffer no loss from this change. I strongly support UNC-TV's Petition.
